

NEWBOX

Euro-standard stackable containers of the Newbox range are available in about 20 different sizes and with a very large variety of grips, bases and walls can be used universally in the storage facility and as transport containers. The containers are stackable and dimensionally matched with Euro pallets. Compared with the Logiline range, the Newbox range impresses with a somewhat slimmer and lighter design that is nevertheless robust and dimensionally stable.

Available sizes

Basic dimensions (LxW in mm)	External height (mm)								
300x200	120	147	220						
400x300	120	170	220	270	320				
600x400	75	120	150	170	220	236	280	343	423
800x600	320								

(depending on the base design, external height +/- 5 mm)
